

## **Revised Teaching Demo Proposal (with brief demo description)**

Due: Fri., March 15, 11:59 pm

Complete the form below. Entries are provided for a sample topic (“Beats”) using underlined text. Replace the underlined text with your information and upload the completed form into the Revised Teaching Demo Proposal Blackboard assignment by the deadline.

You are asked to provide your name (as you wish it to appear in the presentation schedule), the final title of your presentation (your revised title, or the same title you submitted before if it has not changed), and a brief description of the demo part of your presentation. If you need to use the R214 classroom Mac Mini computer for your presentation, please be sure to include that in your demo description.

### **[1] Student Name**

Jane Doe

### **[2] Presentation Title**

Beats

### **[3] Demo Description**

I will demonstrate beat patterns between two sine waves using videos available on YouTube.  
I will use the classroom Mac Mini computer to play the YouTube videos.

### **Grading**

When your revised proposal is accepted, you will receive a score of 1/1 for this assignment. If the proposal form is not submitted, you will receive a score of 0/1. Your revised proposal grade will be factored into your final *Teaching Demo Project* grade as explained in the project guidelines.
